

## 2023-2024 Psychiatry Resident-In-Training Examination (PRITE) Content Outline

Domain/Subdomain	Items
<b>A. Clinical Neurosciences</b>	<b>69</b>
<b>A.1 Neurodevelopment</b>	
<b>A.2 Neuroanatomy</b>	
<b>A.3 Neurophysiology</b>	
<b>A.4 Genetics</b>	
A.4.a Types of genetic abnormalities	
A.4.b Methods to identify genes and genetic disorders	
A.4.c Epigenetics	
<b>B. Clinical Neurology</b>	<b>30</b>
<b>B.1 Diagnostic procedures</b>	
B.1.a Neurological interview and examination	
B.1.b Neuroimaging	
B.1.c Neurophysiological testing for neurological evaluation	
<b>B.2 Diagnostic and clinical evaluation of neurologic disorders/syndromes</b>	
B.2.a Common neurological disorders/syndromes	
B.2.b Comorbid psychiatric disorders associated with neurological disorders/syndromes	
<b>B.3 Management and treatment of neurological disorders/syndromes</b>	
<b>C. Clinical Psychiatry</b>	
<b>C.1 Development and Maturation across the Lifespan</b>	<b>30</b>
C.1.a Physical	
C.1.b Cognitive/Language	
C.1.c Psychological/Emotional/Personality	
C.1.d Social	
C.1.e Sexual	
C.1.f Environmental influences	
C.1.g Life transitions	
<b>C.2 Behavioral and Social Sciences</b>	<b>15</b>
C.2.a Psychology	
C.2.a.1 Behavioral/Cognitive psychology	
C.2.a.2 Neuropsychology/Learning theory	
C.2.a.3 Psychoanalytic/Psychodynamic theory	

Domain/Subdomain	Items
C.2.a.4 Social psychology/Sociology/Anthropology/Ethnology	
C.2.b Other behavioral/social sciences	
<b>C.3 Epidemiology</b>	<b>9</b>
C.3.a Core concepts and major research studies	
C.3.b Prevention/Risk Factors/Resilience/Protective factors	
C.3.c Other epidemiology	
<b>C.4 Diagnostic Procedures</b>	<b>15</b>
C.4.a Interview	
C.4.b Mental Status	
C.4.c Diagnostic assessments and rating scales	
C.4.d Psychological/Neuropsychological testing	
C.4.e Laboratory testing/Monitoring	
C.4.f Imaging	
C.4.g Neurophysiological testing	
C.4.g.1 EEG	
C.4.g.2 EMG	
C.4.g.3 Sleep	
C.4.h Other diagnostic procedures	
<b>C.5 Psychopathology and Associated Conditions Across the Lifespan</b>	<b>39</b>
C.5.a Disorders	
C.5.a.1 Neurodevelopmental	
C.5.a.2 Schizophrenia spectrum and other psychotic disorders	
C.5.a.3 Bipolar and related disorders	
C.5.a.4 Depressive disorders	
C.5.a.5 Anxiety disorders	
C.5.a.6 Obsessive-compulsive and related disorders	
C.5.a.7 Trauma and stressor-related disorders	
C.5.a.8 Dissociative disorders	
C.5.a.9 Somatic symptom and related disorders	
C.5.a.10 Feeding and eating disorders	
C.5.a.11 Elimination disorders	
C.5.a.12 Sleep-wake disorders	
C.5.a.13 Sexual dysfunctions	
C.5.a.14 Gender dysphoria	
C.5.a.15 Disruptive/Impulse control/Conduct disorders	

Domain/Subdomain	Items
C.5.a.16 Substance-related and addictive disorders	
C.5.a.17 Neurocognitive disorders	
C.5.a.18 Personality disorders	
C.5.a.19 Paraphilic disorders	
C.5.a.20 Reproductive Psychopathology	
C.5.a.21 Other mental disorders	
C.5.b High Risk Behaviors	
C.5.b.1 Suicidality/Self-injurious behavior	
C.5.b.2 Aggression/Interpersonal violence and homicide/Social aggression	
C.5.c Environmental factors	
<b>C.6 Treatment across the Lifespan</b>	<b>45</b>
C.6.a Patient Engagement	
C.6.b Case Formulation/Differential Diagnosis/Treatment Planning	
C.6.c Management of difficult patients and nonadherence to treatment	
C.6.d Somatic Therapies	
C.6.d.1 Psychopharmacology	
C.6.d.1.a Pharmacokinetics/Pharmacodynamics	
C.6.d.1.b Drug Interactions	
C.6.d.1.c Age/Gender/Racial issues	
C.6.d.1.d Pharmacogenomics	
C.6.d.1.e Antipsychotics	
C.6.d.1.f Antidepressants	
C.6.d.1.g Antianxiety/Sedative-hypnotics	
C.6.d.1.h Mood stabilizers	
C.6.d.1.i Cognitive enhancers	
C.6.d.1.j Psychostimulants	
C.6.d.1.k Medications to treat substance use	
C.6.d.1.l Reproductive Treatment Issues	
C.6.d.1.m Augmentation agents	
C.6.d.1.n Medications for side effects	
C.6.d.1.o Adverse medication effects	
C.6.d.1.p Other psychopharmacology	
C.6.e Other somatic therapies	
C.6.e.1 Neuromodulation	

Domain/Subdomain	Items
C.6.e.2 Phototherapy/Chronotherapy	
C.6.e.3 Complementary/Alternative medicine	
C.6.e.4 Other somatic therapies	
<b>C.6.f Psychotherapy and Psychoeducational Interventions</b>	
C.6.f.1 Supportive	
C.6.f.2 Behavioral/Dialectical Behavioral	
C.6.f.3 Cognitive/Cognitive-Behavioral	
C.6.f.4 Interpersonal	
C.6.f.5 Dyadic	
C.6.f.6 Psychoeducation	
C.6.f.7 Psychodynamic/Psychoanalytic	
C.6.f.8 Family	
C.6.f.9 Group	
C.6.f.10 Motivational Interviewing	
C.6.f.11 Other Psychotherapy/Psychoeducational interventions	
<b>C.6.g Psychosocial/Milieu Treatments</b>	
C.6.g.1 Rehabilitation/Relapse prevention/Harm reduction	
C.6.g.2 Inpatient/Residential	
C.6.g.3 Outpatient	
C.6.g.4 Emergency/Crisis Interventions	
C.6.g.5 Other Psychosocial/Milieu treatments	
<b>C.7 Consultation and Collaborative-Integrated Care</b>	<b>10</b>
C.7.a Medical	
C.7.b Court/Justice system	
C.7.c Community Mental Health	
C.7.d School	
C.7.e Other consultation	
<b>C.8 Issues in Practice</b>	<b>20</b>
C.8.a Quality improvement/Patient safety/Risk management/Use of Technology	
C.8.b Ethics/Professionalism	
C.8.c Forensics/Legal issues	
C.8.d History of psychiatry	
C.8.e Other issues in practice	
<b>C.9 Research and Scholarship Literacy</b>	<b>9</b>

Domain/Subdomain	Items
C.9.a Research design/Methods	
C.9.b Accessing/Evaluating/Applying evidence to practice	
C.9.c Statistics	
<b>C.10 Administration and Systems</b>	<b>9</b>
C.10.a Administration	
C.10.b Systems	
	<b>300</b>
